

To town of Inglis and employees

I want statements on paper of the following events of Commissioner Smallridge pointing a gun at people and equipment. The way I understand it there ^{were} ~~was~~ three witnesses. So there should be three written statements. I also want any employee, Commissioner or Mayor that heard Commissioner Smallridge admit to the events. To write what they heard.

P.S. The liability to the town knowing these events occurred and doing nothing about these actions is tremendous. Any other town would have dealt with this the day we knew about it.

Signed: Commissioner White

COMMISSIONER OF THE STATE

Commissioner Michael White
947 Hwy 40 East
Inglis, Florida 34449
1-352-220-7477

BY: 1231 pm

To the Mayor and Brad Bettin:

I do not want either of you to investigate give your opinions or change any ones recollection of there response to my request. It saddens me that an employee of the town of Inglis (Town Attorney). And a weak Mayor position are dictating and manipulating town affairs. I will figure out what the next step is to get the documents I have requested. Thank you for your time in this and be reminded that you two are lower on the Chain of command than anyone of the five Commissioners. I would like these statements produced immediately or a response from each individual in writing.

This pertains to my previous request!

Thank You,

Commissioner White
